Thanks to the original uploader and to Neetelbaers for keeping this show alive at Dime.

Neetelbaers noted:

This was seeded here before. For the reseed, I made some track length alterations in order to separate the broadcast introductions. Some additional info is added. I also adjusted the volume level balance between left and right channel using Audacity.

Lineage:

CDR - EAC - WAV - Audacity (track length editing, volume balance adjustments) - FLA (TLH, Level 6)
