

The Highwaymen were a country music supergroup composed of four of the genre's biggest artists well known for their pioneering influence on the outlaw country subgenre: Johnny Cash, Waylon Jennings, Willie Nelson, and Kris Kristofferson. Active between 1985 and 1995, these four artists recorded three major label albums - Highwaymen (1985); Highwaymen 2 (1990); and The Road Goes On Forever (1995).

This here isn't a complete show, but a very nice sounding FM broadcast. Thanks to aikowolf for sharing this on a different tracker. Sometimes mistakenly traded as March 4, 1992 because of the European dd-mm-yyyy way of labeling - per the Johnny Cash Info Center they have it as April 3 - entree too - so I believe that's correct.
