[In 2013, The Tallis Scholars celebrated their 40th birthday.] Their director Peter Phillips has chosen this programme as a 'best of...' sequence of pieces held most dear to him and his elite singers. Alongside English gems by Tallis and Byrd are soaring splendours from Rome - a mass by Palestrina and Allegri's Miserere - and works by two of choral music's most popular living composers, Arvo Pärt and Eric Whitacre.
