

A celebration and reinterpretation of the music of David Bowie with the Berlin-based, genre-defying musicians collective *stargaze* and its Artistic Director André de Ridder. They are joined by guest singers and collaborators - including John Cale, Marc Almond, Neil Hannon, Conor O'Brien, Laura Mvula, Paul Buchanan, Jherik Bischoff, Anna Calvi and Amanda Palmer - to re-imagine the Bowie catalogue with fresh settings of classic works. This is the complete concert patched together from two different BBC broadcasts.

Thanks to PsyKies for sharing the show at Dime.

PsyKies noted:

Recorded off air from the live BBC Radio Three broadcast 29th July 2016. Source was the BBC HLS 323kbps 48kHz internet stream. As Radio Three did not broadcast the final two tracks these have been patched in from the BBC 6Music radio broadcast.

Audition was used to edit out most of the announcers (one tiny segment remains), increase levels on main broadcast by 6dB, match levels on patch material, crossfade into patch, track and convert to FLAC/44.1kHz. FLAC tagging done using mp3tag and fingerprints generated using TLH.
