

In preparation for the forthcoming release of the Good Vibrations - 30 Years Of The Beach Boys' box set, the Beach Boys played a short tour of the less played, more thoughtful moments from their career . This set expands to 3 CDs: .. 2CD's worth of a show they played at the Paramount Theater in NYC which was captured straight from the desk and onto DAT... and 1 CD of rehearsals taken before the tour started which was captured from the desk and onto DAT. This DAT master went missing shortly after. The sound quality on these 3 discs will astound you.
